

Trainee Feedback Form

Title of overall training:.....

Date(s):
Location:
Trainers:
Names of session(s) attended:
Length of overall training: hours / days (please indicate which)

1. Indicate the job which best describes the work you do (circle or underline): Carer, Centre Director, Child Development Worker (clinic based), Community Worker, Doctor, Nurse, Occupational Therapist, Physiotherapist, Speech and Language Therapist, Teacher

2. Please tick the most relevant statement:

- 1) I don't feel I have learned anything.
- 2) I don't feel I'll use what I have learned.
- 3) I might use some of what I learned.
- 4) I feel confident using everything I have learned.
- 5) I would feel confident training others in what I have learned.

3. Please complete 3a OR 3b, depending on the setting you work in:

3a. Centre based data

If you work in a school or centre, how many children/adolescents do you work with that will benefit from this training you have received?

1-05	06-10	11-20	21-50	51-100	100+
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3b. Clinic-based data

If you work in a hospital, outpatient clinic or in the community, how many clients/patients do you see every month that will benefit from this training you have received?

1-10	11-50	51-100	101-200	200-500	500+
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3c. How many colleagues / trainees will you share this new knowledge with within first year of training?

1-10	11-50	51-100	101-200
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

4. Please complete the following:

Note to trainers: Remind trainees to complete each section with a before and after score. Do not enter scores into the MAITS online survey where you only have a before or after score.

		Low (1)	Medium (2)	High (3)	Comments
Level of confidence in this area of work	Before the training				
	After the training				
Level of knowledge	Before the training				
	After the training				
Level of practical skill	Before the training				
	After the training				

Note: We recognise that change in practical skills will only occur if training includes a practical element.

5. Please give suggestions on how the training could have been more useful for you (content, level, teaching methods etc.)

1.

2.

3.

Tear here-----

6. Now, think about 3-5 things you will do differently in your work place as a result of this training.

When you have completed this, tear above and take it away with you as a reminder.

E.g. I will use a visual timetable to prepare the children for every change of activity
